Sexual Predator

The term "sexual predator" is used pejoratively to describe a person seen trying to obtain sexual contact with another person in a metaphorically predatory manner. Analogous to how a predator hunts down its prey, so the sexual predator is thought to "hunt" for sex partners. People who commit sex crimes, such as rape or child sexual abuse, are commonly referred to as sexual predators. The term does not necessarily denote criminal behavior. For example, a person who cruises a bar looking for consensual sex could be considered a sexual predator by some.
